BEVERLY HILLS EDUCATION FOUNDATION

ANNUAL REPORT | 2018-2019

Letter from the President

Friends,

This year, the Beverly Hills Education Foundation (BHEF) celebrated its 40th Anniversary! Since 1978, as one of the first private education foundations and a role model for other education foundations in the United States, BHEF has provided vital educational program funding for every grade level at all our Beverly Hills Public Schools.

In 2018-2019, BHEF was again proud to be one of the largest donors to the Beverly Hills Unified School District (BHUSD). Thanks to the generous donations from school parents, community members, and local business owners, BHEF allocated over \$550,000 directly to our four K-8 schools and our High School. We continued our funding of programs in Arts, Music, Athletics, and each school principal received additional co-curricular funds to finance the individual and innovative programs needed at each school site. This year, BHEF provided additional funding for a new initiative in the Beverly Hills Unified School District to address the growing public concern that our schools provide a safe and nurturing learning environment. The PBIS Coordinator (Positive Behavior Intervention and Support) works in collaboration with our BHUSD school counselors to implement a multi-disciplinary program that improves social, emotional, and academic outcomes for all students in our district.

You, our dedicated donors, should be proud in the knowledge that your donation to BHEF directly impacted and elevated the educational experience of our BHUSD students. Your donation ensures our students receive a world-class education in a caring and supportive learning environment with state of the art technology preparing them to meet the challenges of college and their future careers. We cannot enrich the lives of all the BHUSD students without your support.

Thank you for believing in the mission of the Beverly Hills Education Foundation.

Cindy Trost
President
